Photos of the Provincial Technical Advisory Committee (PTAC) report Presentation at the Luganville Ports and harbour

Welcome to the December through January edition of our monthly newsletter!

As we embark on another exciting month filled with opportunities and endeavors, we are delighted to bring you the latest updates, highlights, and insights from the Office of the Public Service Commission.

In this edition, we aim to keep you informed and engaged with a diverse range of topics, including development projects, success stories of achievements in the Public service through various ministries. Also some of the best site visit through the heart of Luganville, Santo.

The Public Service Commission, led by Chairman Martin Mahe, convened with Commissioners and Managers had been to Santo to engage with the Provincial Technical Advisory Committee (PTAC). The Committee presented comprehensive reports from 13 government ministries based in Luganville Santo on the 14 of December 2023.

In a day-long session, the Chairman and his team attentively listened to the achievements, challenges for 2023 and future recommendations outlined by each ministry for the year 2024.

Chairman Martin Mahe expressed gratitude to the ministries and their dedicated staff for their unwavering efforts, particularly in navigating challenging circumstances.

He assured that the Commission is committed to thoroughly reviewing each recommendation and working collaboratively with the ministries in the New Year 2024.

The Commissioners and other ministry representatives had a chance also to visit "The Farm to Hospital" initiative.

15 December 2023

Public Service Commission Chairman Martin Mahe, the commissioners of Public Service Commission, Commissioner Joe Ligo, Ephraim Kalsakau and Alice Willy along with some government representatives from Santo had a site visit to the Northern Provincial Hospital. The delegation was led by the Medical Superintendent for Santo, Dr Andy Ilo.

A visit to the Biosecurity Fumigation Chamber in Luganville, Santo.

The Chamber is used to spray goods packages in Santo to kill viruses before they are exported or whenever goods are imported into Luganville, Santo.

The Fumigation Chamber of Santo Biosecurity was launched by the Minister of MALFFB Honorable Nako Natuman Ianatum on July 13, 2023.

Equipment's used by officers who are on duty while they are inside the fumigation chamber.

Freshwater Aquaculture hatchery, located in South Santo.

A delegation was led by the Chairman of the Public Service Commission Martin Mahe was left with a pleasant surprise upon discovering the hatchery's significant influence on the community's well-being as well as the flourishing aquatic environment.

These aquatic initiatives serve as a key source of nutrients to improve the quality of life for those who live in South Santo, in addition to promoting economic growth.

NAVOTA FARM SANMA PROVINCIAL BUTCHERY SOUTH SANTO
